

1E65-144

1E65 LINE VOLTAGE DIGITAL THERMOSTATS

Line voltage digital thermostats for baseboard and resistance heat.

FEATURES

- LCD with great contrast for enhanced visibility
- 100% silent operation with optional proportional control feature
- Precise electric heat temperature control
- Digital non-programmable
- Celsius or Fahrenheit

SPECIFICATIONS

Electrical Rating 120/240 VAC, 50/60 Hz
 1E65-144 Minimum load 2 A (resistive only), 500 W @ 240 VAC, 250 W @ 120 VAC
 1E65-144 Maximum load 16.7 A (resistive only), 4000 W @ 240 VAC, 2000 W @ 120 VAC
 Differential 1.0°F
 Set-point Range 45 to 90°F (7 to 32°C)
 Display Resolution 1°F (0.1°C)
 Approval CSA

PARTS & ACCESSORIES

DESCRIPTION	MODEL NUMBER	ITEM NUMBER
Thermostat Guard - Clear Plastic	F29-0198	F29-0198
Junction box offset adapter plate for universal mounting. Allows offset for 1E65-144 9/16" Left or Right.	F61-2642	F61-264200

See Thermostat Guards for additional options.

1E65 LINE VOLTAGE DIGITAL THERMOSTATS

Heat / Cool	Programmable	Switch Action	120 VAC Resistive (Non-Inductive)	240 VAC Resistive (Non-Inductive)	Typical Applications	MODEL NUMBER	ITEM NUMBER
Heat	—	Open on Rise	2.0A to 16.7A (250 to 2000W)	2.0A to 16.7A (500 to 4000W)	Baseboard Electric Heat, Convectors, Fan-Forced Heaters, Radiant Floor or Ceiling Heat	1E65-144	01E65 144

1E65-144 replaces Honeywell RLV310.
