# Friedrich Chill® Premier Series Room Air Conditioners

#### CHILL® PREMIER ROOM AIR CONDITIONERS

# SMART, ENERGY EFFICIENT CHILL® PREMIER OFFERS CONTROL BY VOICE COMMAND, APP OR INCLUDED REMOTE

### You're in control anytime, anywhere

- Easily set up your AC unit with the FriedrichGo™ app
- · Create a custom cooling schedule that fits your lifestyle
- Power your unit on and off, change temperature, change system mode, and adjust fan speeds no matter where you are
- Eliminate wasted energy and lower utility and maintenance costs while extending the life of your equipment.

#### UP TO 25% QUIETER1 THAN OTHER ROOM AIR CONDITIONERS

# QuietMaster® technology

Building the quietest air conditioners begins with the design process and continues through the selection of superior components and materials.

It is shaped by skilled manufacturing and refined through on-going product testing in our engineering lab.

The result is a noticeably quieter cooling and heating experience, as much as 25% quieter than competitor's products.

Google is a registered trademark of Google LLC.

<sup>&</sup>lt;sup>1</sup>Based on testing conducted at Friedrich's Design and Development Center in comparison to leading rotary compressor models.

### FOR INSTALLATION IN A WINDOW OR THROUGH-THE-WALL

### **CCW/CEW MODEL FEATURES**

#### QuietMaster® Technology

- · Heavy duty insulation on inner wall for sound absorption
- · Stiffened sheet metal casing to block external noise
- · Wide air discharge vents optimize airflow and minimize front panel noise
- · Counterweights dampen vibration and decrease sound

Money Saver setting saves money by operating the fan only when cooling

R-32 refrigerant with low Global

#### **Comfort & Convenience**

- · 3 cooling and fan-only speeds, plus auto fan (3 cooling/3 heating speeds, plus auto fan on CEW models)
- Sleep setting
- Auto restart saves settings if power is interrupted
- · 8-way air flow control
- · Washable air filter

#### **Installation Features** Earth Friendly

- · Slide-out chassis for installation in a
- · Standard installation hardware included

- window or through-the-wall
- Expandable side curtains

#### **Reliable Construction**

Warming Potential

· Both the indoor and outdoor coils are corrosion protected for a longer life cycle

#### **Control Features**

- Built-in Wi-Fi control on the go with the FriedrichGo™ App
- Smart home / voice command device compatability (Amazon Alexa or Google Home)
- 24-hour timer
- Remote Control

#### **COOLING SIZING GUIDE**

| AREA TO BE<br>CONDITIONED<br>IN SQ. FT. | APPROXIMATE<br>COOLING BTU<br>REQUIRED |
|---|--|
| 100 - 150                               | 5000                                   |
| 150 - 250                               | 6000                                   |
| 250 - 300                               | 7000                                   |
| 300 - 350                               | 8000                                   |
| 350 - 400                               | 9000                                   |
| 400 - 450                               | 10000                                  |
| 450 - 550                               | 12000                                  |
| 550 - 700                               | 14000                                  |
| 700 - 1000                              | 18000                                  |
| 1000 - 1200                             | 21000                                  |
| 1200 - 1400                             | 23000                                  |
| 1400 - 1500                             | 24000                                  |
| 1500 - 2000                             | 30000                                  |
| 2000 - 2500                             | 34000                                  |

Guide based on normal room insulation, average number of sun exposed windows and two person occupancy.

- 1. If heavily shaded, reduce cooling Btus required by 10%
- 2. If very sunny, increase cooling Btus required by 10%
- 3. Add 500 Btus per person over 2 people
- 4. Add 4.000 Btus if the area is a kitchen

#### CCF MODEL FEATURES

#### QuietMaster® Technology

- · Heavy duty insulation on inner wall for sound absorption
- Stiffened sheet metal casing to block external noise
- · Wide air discharge vents optimize airflow and minimize front panel noise

#### Comfort & Convenience

- · 3 cooling and fan-only speeds, plus auto fan
- Sleep setting
- · Auto restart saves settings if power is interrupted
- · 8-way air flow control
- Washable air filter

#### **Control Features**

- Built-in Wi-Fi control on the go with the FriedrichGo™ App
- Smart home/voice command device compatability (Amazon Alexa or Google Home)
- 24-hour timer
- · Remote Control

#### Installation Features

- · One-piece frame (fixed chassis) for simplified and fast installation in windows only
- · Standard installation hardware included
- · Expandable side curtains

#### Earth Friendly

- ENERGY STAR® qualified models
- Money Saver® setting saves money by operating the fan only when cooling
- R-32 refrigerant with low Global Warming Potential

#### **Reliable Construction**

· Both the indoor and outdoor coils are corrosion protected for a longer life cycle

#### WINDOW INSTALLATION ONLY

Uses R-32 refrigerant with low Global Warming Potential

Your energy costs will depend on your utility rates and use.

Due to continuing research in new energy-saving technology, specifications are subject to change without notice.

We are focused on innovating with intent, engineering solutions with lifetime sustainability in mind—from material selection to smart features to responsible recycling. And, our products are designed to meet our customers' needs—lessening their environmental impact by giving them greater control over their energy consumption, as well as helping them decarbonize.
